We recommended textured and natural finishes if planters are used outdoors.
However all finishes are suitable external use - please specify at time of ordering.

BS4800 and RAL Classic

Over 300 colours available in highly polished gloss, satin, matt or textured matt finishes so you can achieve a perfect match to other furnishings

Standard Colours

Specially selected colours that are usually held in stock and will meet most requirements. Available in highly polished gloss, satin, matt and textured matt

Polished Metallics:

The closest finishes to polished metal, also available in satin sheen

Textured Metallics

Matt metal finishes with a rippled effect

Polished Pearlescents

Deep, almost 3D colours

Polished Stardust

Vibrant colour with a hint of silver sparkle. Other colours on request – check availability before ordering.

Dapple:

Unique multicolour finishes adding further opportunities to personalise your planters. The finishes are coated with clear lacquer giving extra shine and a more resilient finish.

Natural

Unique finishes that exactly mimic natural materials. Please note all these finishes have not only the look but also behave like the real material, weathering naturally if outdoors. However, the surfaces will mark clothes if brushed against so use indoors only in low footfall areas. Rust can be matt

Gold, Silver and Colour Leaf

True luxury finishes where planters are hand gilded with genuine metal leaf, hand burnished and coated with multiple layers of clear lacquer. *Other leaf finishes available on request.*

NB: the colours shown throughout this publication are only as accurate as the four colour printing process can achieve, therefore they should be used only as a guide.
